

BILL KRUEGER

One of the most successful car owners in the history of Huset's Speedway was Bill Krueger. First teaming with his brother George on a car in the late 1950s, Krueger eventually took over the racing operation himself. Those who drove for him include Hall of Fame member Bob Lukes, Bud Slendy, Lowell Behrens, Don Jones and Krueger's nephews, Jim and Paul Krueger. Krueger experienced most of his racing success as a car owner in the six-cylinder modified class in the late 1970s and early 1980s with his nephews behind the wheel. Jim and Paul Krueger each collected a pair of track championships and accumulated 40 feature wins at Huset's in Krueger's cars. Krueger owned and operated Westgate Mobil in Sioux Falls until 1975 when he started Westgate Towing service. Besides always fielding one or two cars at the track, his tow trucks were a constant fixture at Huset's, providing the towing service at the speedway for a number of years.
