

ED STUTZMAN

Ed Stutzman's career at Huset's Speedway began in 1970. He raced in the sportsman class for several years before eventually moving up to the modifieds. He later became a pit crew member for the Bargain Barn cars owned by Hall of Famer Ben Nothdurft that dominated area racing for a number of years. He helped former champion Ray Feltman build his first race car and was a mentor to him and other young drivers.
