

## **TOM WINTERS**

Tom Winters drove race cars at Huset's Speedway for 21 years, starting in modifieds in 1967 and finishing in sprint cars in 1987. Although a fierce competitor, Winters also had a clean driving style which made him one of the most respected at Huset's. Winters had the honor of winning the first official World of Outlaws race at the track, taking the win in the opening heat race in 1983. He won the last feature he competed in at the track on Aug. 2, 1987. The following Saturday, Winters suffered a broken hip in a racing accident at Jackson, Minnesota that ended his racing career.
